Mothers' Club Family Learning Center

I come to Mothers' Club because...

"I want to be a better parent and teacher for my children."

"I want to learn English and further my own education."

"I want my child to succeed in school."

"I want to be a strong member of our community."

What is Mothers' Club Family Learning Center?

Mothers' Club is a place where you and your children can learn and grow together. You will meet people and talk about the challenges and adventures of being a parent, make friends and build long-lasting relationships with other parents in the community.

You will learn social and parenting skills and be given the opportunity to advance your own education through our classes and workshops.

At the same time, your young children will find welcoming classrooms, spacious play areas, many friends, and caring, supportive teachers in our exceptional early childhood education program.

"Mothers' Club is a place where you can bring your problems from home and there is always someone who will listen."

- Nydia Rivero, Mother of Five
